Licensor will have control of the defence and will defend at its own expense, any claim or litigation to which this indemnity relates, including the right to settle any such claim. Licensee must notify Licensor promptly of any such claim and provide reasonable cooperation to Licensor, upon Licensor's request and at Licensor's cost, to defend such claim. Licensor will not agree to any settlement which requires acknowledgment of fault or an incurred liability on the part of an indemnified party not otherwise covered by this indemnification without indemnified party's prior consent. Licensee may elect to participate in the defence of any claim with counsel of its choosing at its own expense.
- b) If the Licensed Products are subject to a claim of infringement or misappropriation, or if Licensor reasonably believes that the Licensed Products may be subject to such a claim, Licensor reserves the right to: (i) replace the Licensed Products with functionally equivalent Licensed Products; (ii) modify such Licensed Products while retaining substantively equivalent functionality; (iii) procure at no cost to Licensee the right to continue to use such Licensed Products; or (iv) if the foregoing is not commercially reasonable, direct Licensee to terminate use of such Licensed Products. - c) Licensor will have no obligation to indemnify Licensee under this Section 7 if the infringement or misappropriation results from Licensee's: (i) modification of the Licensed Products; (ii) combination, operation or use of the Licensed Products with non-Licensor software\data products if such claim of infringement or misappropriation would have been avoided had such combination, operation or use not occurred; (iii) use of the Licensed Products in breach of this Agreement or an Order to the extent the breach gives rise to the claim; or (iv) use of other than the most current release of the Licensed Products if such claim of infringement or misappropriation could have been avoided by Licensee's use of such current release of the Licensed Products, provided Licensor delivered such superseding version to Licensee at no additional cost and notified Licensee of the need to use such version.

If Licensor is unable to correct a reported error or non-conformity in the Software that is classified in the Support Guidelines as a critical or high severity level problem within thirty (30) days following notice from Licensee or an additional period of time reasonably agreed to by the parties, Licensee may terminate Maintenance Services for such Software and receive, as its remedy, a pro-rata refund of the fees paid for Maintenance Services for the balance of the existing maintenance term.
- c) Prior to the expiration of the term to any Licensed Products licensed on a limited term, Licensee may renew or extend the term license for such Licensed Products upon agreement by Licensor at rates and for the duration set forth in a quote issued by Licensor. Licensee may issue Licensor a purchase order for such renewal as set forth in the quote, provided such purchase order will: (i) incorporate the terms of the Agreement and the applicable Order, as may be amended; and (ii) not introduce any new terms. The parties agree that any pre-printed terms on such purchase order will have no force or effect, and Licensor hereby expressly disclaims any acceptance of such additional terms. If a Licensee has a term license to the Licensed Products, Licensee must renew the term license in order to purchase and obtain additional Maintenance Services for the Software and Data Updates for the Data Products.

If Licensor is unable to timely correct such errors or non-conformities, Licensee may elect to terminate the license to the non-conforming Software.
